THE AQUA CLARA

PUBLISHED BY THE

SENIOR CLASS OF 1945

CLEARWATER HIGH SCHOOL

CLEARWATER, FLORIDA

Introduction

The theme upon which we have based this 1945 Aqua Clara is BUILDING FOR PEACE. It points to the idea now uppermost in the minds, not only of the Big Three, but also common to the thinking of every citizen of the world. Never again can we tolerate another such war as this World War Number Two. Only by education can the ideal of a permanent peace become ingrained in every heart. So as students, to whom later will be delegated the job of building a better world, we consecrate ourselves to the task ahead. It is this thought which the class of 1945 bequeaths to the oncoming Construction Engineers of a New World.

Foreword

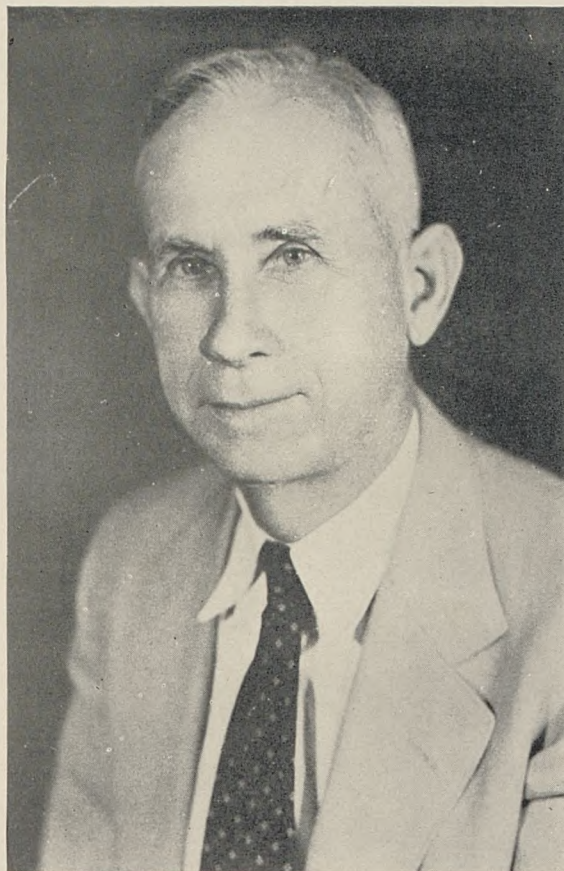

"History is the record of the mitigation and decline of war, through the slow decline. For ages the human race has gone on under the tyranny of this first brutish form of their efforts to be men, for ages showed so much of the nature of the lower animals, the tiger and the shark. But the eternal germination of the better has unfolded new powers, new instincts. The sublime question has startled one and another happy soul in different quarters of the globe— Cannot love be, as well as hate? Cannot peace be, as well as war? This thought has now become so distinct as to be a social thought. This having come much more will follow. Revolutions go not backward.

'So it is not a great matter how long men refuse to believe in the advent of peace; war is on its last legs; and a universal peace is as sure as is the prevalence of civilization over barbarism, of liberal governments over feudal forms. The question for us is only, how soon?'

—Emerson.

Dedication

"A teacher affects eternity; he can never tell where his influence ends."

PROFESSOR E. W. McMULLEN

1919-1944

"He was a gentleman on whom we built an absolute trust."

Memorial

TO THE MEMORY OF OUR GALLANT
ALUMNI WHOSE LIVES HAVE BEEN
SACRIFICED ON THE
ALTAR OF WAR

They're taking down the blue star,
At the house across the way,
And putting up the gold one,
They just got word today.

This home that one time echoed,
With the shouts of happy boys,
Is stricken now with sadness,
Devoid of simple joys.

We remember warm summer days,
When he was a little lad,
We would see him toddling proudly,
Going fishing with his dad.

And then on wintry Christmas nights,
Lighted candles used to gleam,
From out that happy, modest home,
Filled with peace and joy supreme.
And now the shadow's fallen,
Sadly they must face,
The removal of that brave, blue star,
And the gold one in its place.

What can we say to those kind folks?
Their aching hearts to save,
That valiant dad and mother,
The bravest of the brave.
Words seem to lose their meaning,
But there are things we can do,
To ease the load of other boys
And help to see them through.

Class History

The class of 1945 began much as all classes of all schools begin—in grammar school—and continued much as other classes do—to Junior High. Until ninth grade we did nothing very extraordinary or even noteworthy. But then, we did something which will probably be for many years a monument to us. In the second semester, we elected Paul McCardel as president and set in motion the Student Council of Junior High. That year, too, brought the war, and with it many new and interesting members to the class.

In 1942 we felt the heavy annual influx from Dunedin and Safety Harbor swelling our ranks as we became slightly more skilled builders. We were proud of ourselves and showed it by boldly declaring our equality with upper-classmen in social functions. That year we continued under the guidance of master-mason Paul McCardel, who, we decided (on the strength of his Student Council presidency the year before), had a firm guiding hand.

In 1943-44 we were just behind the seniors, and we felt it, too. We were old enough to be in some classes with them that year that we elected Dick Cochran as president—that year that we had our pictures just a few pages behind those of the seniors and felt through them some of the poignancy of graduation.

Now it is our turn. It is we who are graduating. We are the finishers—the interior decorators, and our chief artist is Mary Anne Skinner. Our other supervisors are Paul McCardel as president of the Student Council and Mrs. Crowell as our adviser.

As seniors we have had one experience few other C.H.S.'ers have felt—a change of principal during our stay in High School. The news of "Prof Mac's" death came during the summer, but we all felt it. However, on getting acquainted with our new principal, Mr. Feagle, we found our loss was somewhat compensated by the quality of our new leadership.

We have had much the same experiences as most seniors in other ways. We gave as our play, "The Brat"; we had Skip Day, Baccalaureate, and finally graduation with its round of parties and dances.

The sermon was held on the night of May 27th at the Baptist Church with the Reverend A. E. Hoffpauir in charge. The theme for the commencement program was: American Youth Builds for Peace.

We graduated gladly, but with regret too; for when we received our diplomas, we felt that half our youth was gone.

Football

The Tornados showed a definite improvement over last year's team, but as last year, suffered a losing season.

The team started off well, winning its first two games of the season against New Port Richey 26-0, and Tarpon Springs 7-0. Jefferson trounced us 25-6, but the team bounced back to defeat Florida Military Academy 35-7.

The scheduled game against Andrew Jackson of Miami was postponed because of the hurricane and the Tornados returned to eke out a 7-7 tie with Leesburg. We then beat Tarpon Springs 20-6, but were defeated in our last three games of the season.

The best and most thrilling game of the year was our Thanksgiving Day gridiron classic with St. Petersburg. We were held scoreless in the first half, but came back fighting and fought a nip and tuck battle until the last few minutes, when our lack of manpower began to show.

The schedule and scores follow:

26	C. H. S.	vs.	New Port Richey	0
7	C. H. S.	vs.	Tarpon Springs	0

Jewelers and Engravers for Clearwater High

The Goffions

Nineteen years service as Cafeteria
Manager! Congratulations,
Mrs. Goffigon!

The Crimson and Grey

The Crimson and the Grey we'll wear,
Aloft the flags we'll raise,
We'll sound our shouts and sing our songs,
For old Clearwater's praise.
Then hail to the Crimson and Grey boys,
The colors we love so well,
Thy loyal sons shall salute thee
As thy folds on the breezes swell,
Then hail to the Crimson and Grey girls,
Forever and a day,
May the flag of dear old Clearwater live,
The Crimson and the Grey.

Here's luck to me swell and
cute gal. We do have our
troubles but we follow teachers?
Just remember - be good. If
you can't be good, have fun -
or better still - try doing
both at the same time -
They tell me it can be
done - but I wonder no -
would me? Lots of luck, happy
Love you
Nancy

Dear Harry,
I really don't know what
to say - but we really enjoyed
knowing you - and when I
leave Philadelphia (if I do) I hope
we'll be able to meet in
the future. We'll just have
to count each other about
our troubles. I know you
get pretty sick of listening to
mine. Well, we hopes I shall
really had some good times.
Be good and when you change
your last name to Leach
be sure & let me know.

Heck, Pap - I can't find any place in this
gold-darned book to write - Even if
I could - I haven't got anything to
say - As you well know - it too
gold-darned early in the year to
think - I have really enjoyed your
first hour sunshine - I hope we can
do it again next year - take care
of your little self - and keep your
nose clean - Don't let it "conceal" its
thaw you - or it "spawch" -

Love - but good -

Kappy,

It doesn't offend my conscience
to say you're the "bestest" grandest
person it's ever been my privilege
to know!

Happy!

I'll always remember you, and Rock, together & give
because that's the way you always are, and that's the
way I always hope you will be. You will always
be that every-knowledgeable, wise, me of the best
members of the Synagogue, you know what the requirements
are here! I think this you have been the greatest me
I'm ever had, because you and the rest of the Synagogue
and you have made it that way. Johnny Dany once
said she would do any thing in the world for you,
that you go on the top - no joke. I hope with
all my heart that we can have as much fun in the
summer you as we have now, no matter how dumb and
empty we are, at least we show that all no Synagogue
have got some school spirit, in so it that we're just
happy every?? But if everything possible in this world!
Love from Emma

Kay Kay
I'll hide away back
here where nobody'll find
me. Besides, you know me -
since I start writing. I write a
manuscript. I must say, we've done some
mighty queer things but, also, a lot of
wonderful ones! Remember: Cake Butler? Inverness? Teaching
Cafe? Cooper? Rhy? Ed? Red Cross? Teaching
me how to drive? Spending what was left of the
night in the apartment? Snafus? C-30? Ggping
until all hours of the night in your dad's office?
My one and only "steady"? Your fights with Kock?
Those serious talks when we were in?
Trouble, especially concerning Walley and Bobby?
How heartbroken we both were when we were on
the "outs" with them? Well, anyway, I do, and
I always are my very best friend!
I really are my very best friend!
Really especially Kay, your
Cuck, Love, and Ripstick,
Kay Bee
